Positive characteristics or strengths of the course/instructor

I enjoyed his teaching style. Was a great class and showed many of us how to care about topics.

Handled the lack of willingness of students to participate well.

Mr. Briscoe was probably my favorite teacher this semester by far. He used teaching methods that related to us as students which in turn allowed us to really learn from him. He made class fun everyday, literally every single day. He would sometimes put you on the spot and just call on you in class and at the beginning it was awkward but as the semester progressed allowed me to feel more comfortable speaking in front of people not just during my speeches and I think all the students in my class would have to

Criticisms concerning the course/instructor

Nothing really.

Additional comments and suggestions

I did not enjoy this class, however I was able to enjoy the class as a whole more due to Professor Briscoe`s use of humor during lecture. As well as his use of various forms of media that were used to help explain concepts or theories throughout the semester.

He should teach people how to teach this course.

agree.

He tried to get the class to participate, provided plenty of opportunities to make up missed work.

The schedule changed a few times throughout the semester.

He was very enthusiastic and an encouraging teacher. Really cared about how well each of us were doing on our speeches. He made giving speeches a lot less miserable.

Grades too hard.

Fun character. Relatable. Easy going.

Great instructor, overall. He was mindful of the students and made the class interesting (even though it was a required course) I have learned a lot from this course and have been able to grow as a social person.

He was fun and enthusiastic, which in turn made everyone more comfortable with each other and more interested in the class. I honestly am somewhat sad that I am not a communications major, because I would love to have another class with him.

The instructor was very enthusiastic and a good teacher for this subject. He made it fun, but we still worked at the same time.

No complaints. Good class.

Great professor, well spoken, willing to help whenever!

Connects well with students

Great job keeping students interested and involved in the course.

He is really enthusiastic and always have the chapter and material ready for us in every class. Have really good points of view and always relates to topics that are currently happening. Makes the classroom feel welcome and even though he does not smile that often is always pretty positive.

Very well educated. Show no bias towards any one person in class. Can easily relate to the students in both a personal and collegiate way.

Professor Briscoe made one of my most dreaded classes into a very pleasurable experience. He cared if his students learned and wanted us to have a good time doing it. The communication department needs to keep/hire more like him.

Maybe give more feedback when it comes to grading and not just good or bad, because other wise we do not know how to improve that part of the speech.

Overall he was one of the funniest teachers i had this semester and i had no complains with his class. Always being proactive and making sure we understood everything he was saying or explaining in class.
