Positive characteristics or strengths of the course/instructor

Best professor I have ever had. Great enthusiasm for teaching.

Very intelligent on the topic. Knows what he is talking about. Also allows a lot of freedom in choosing what you want to talk about.

Briscoe, thanks for caring for us as students. I appreciate having a teacher that takes his job seriously.

Briscoe was a great teacher and truly cared that we knew and understood the material.

Great course and great enthusiasm when teaching. I really feel this course has taught me a great deal about public speaking. Very happy with how J.R. taught this course.

Criticisms concerning the course/instructor

Your criticism of our speeches was sometimes hurtful. Another classmate and I were hurt with some of your comments. Overall it was not that bad, but be aware of potentially sensitive people.

Maybe do a more thorough discussion about the e-portfolio at the beginning of the semester as I feel that hung a few students up early on.

E-Portfolio assignment could be clarified a little more from the beginning

If you decide to have quizzes in the future maybe have them multiple choice. Sometimes the questions

Additional comments and suggestions

Definitely my favorite class. You kept it interesting and fun.

I think recording our speeches could be beneficial if all students agree at the beginning

class was well organized and there were opportunities for extra credit. He made the class feel like more of a relaxed environment which made me perform better.

seemed like they could have multiple answers.

JR was very approachable from the very beginning about my concerns for the order of the speeches. I appreciated his passion for each of us to do well, and he made us feel comfortable in the classroom setting.

Great professor, very personable and approachable

JR is probably my favorite professor I've had so far. Not only was he an effective teacher, but he obviously cared about the class and the students in it. I felt less dumb about giving speeches because he would show us when we would use a speech and even showed video examples in class of real life speeches that corresponded with the ones we were giving. I'm really sad he's leaving Memphis because I would definitely consider taking another class from him. I feel like I learned not only school smarts, practical life skills as well. 10/10 would recommend.

Very humorous and easy to listen to.

Helped me learn to control my energy. Helped me learn to slow down and move through a process of creation. Gave me fair chance to correct my mistakes. Started off so bombastic I kinda worried

the audience. By the end I was able to successfully perform a solemn eulogy.

Interesting classes. Was always entertained during class.

You`re so enthusiastic when you teach. I think it helps that you`re very in touch with your

He was extremely helpful and made the class very interesting for the students. Definitely was my favorite class, Briscoe was good at keeping it interesting and was always there to answer any questions I had.
